

INCORRECT SPEECH TO BE DISCUSSED

IOWA CITY, Ia., Nov. 1.—Incorrect speech and slang are to be the subjects of a nationwide campaign by women's clubs and schools of the country, according to Prof. Glenn Merry, head of the department of speech of the University of Iowa and chairman of the joint committee of the National Council of Teachers of English, the National Association of Teachers of Speech and the General Federation of Women's Clubs, which are instituting the better speech movement.

Women's clubs will attack the incorrect speech next week," he said. "Schools will take up the attack the third week in February. In both instances the action will be concerted throughout the country and will be an effort to erase the bad features of our language."

The committee recognizes that our language is not fixed and dead, the professor said, but living and subject to constant change; that two general standards of usage exist, good English and vulgar English, and that the usage by the educated class should set the standard of American speech.

"The policy of the committee is determined by a broad ideal of avoiding purism, fadism and artificial speech on one hand and vulgarism on the other," he said. "Distinctness of utterance and agreeable voice quality are achievements in speech worth of cultivation."

PRESBYTERIANS PLAN GENERAL ASSEMBLY

INDIANAPOLIS, Nov. 1.—Plans for the next general assembly of the Presbyterian church in the United States are being formulated by local committees under the direction of Rev. L. S. Smith, pastor of the First Presbyterian church of this city. The assembly is to be held here May 15 to 24, 1923. Rev. Mudge, stated clerk of the church, has made a survey of facilities for entertaining the assembly and conferred with local churches regarding the plans. The assembly will bring 2000 delegates from 400 presbyteries of the church.

SHIPPING INTERESTS WANT JAPANESE PORT

KUJIKU, Japan, Nov. 1.—Shipping interests have started a movement to induce the government to establish a free port in Japan to enable Japanese exporters to compete more effectively with the merchants of Hongkong for the trade of China, Korea and the port which most of the supporters of the scheme believe to be best adapted for the purpose. Toru Ishii, managing director of the Nippon Yusen Kaisha, declares the lack of such a port prevented Japan from becoming the trade center of the Orient.

ARGENTINE MARINE TRAFFIC IMPROVES

BUENOS AIRES, Nov. 1.—The port of Buenos Aires is resuming its prewar activity. No less than 17 vessels came in during a single day recently, a greater number than has been reported since the close of hostilities.

The arrivals of the record day included five passenger liners, two from Germany, one from England, one from Italy and one from Holland, and 12 freighters. Among the latter were vessels of British, American, Norwegian, French and Spanish register, and their ports of departure were most diversified. Lumber was brought from Mobile and Gulfport, oil from Tampico, coal from Cardiff and general merchandise from Hamburg. Curiously enough the coal from Cardiff came in a French bottom, while the cargo from Hamburg was carried by a Spaniard.

TAXIMETERS CUTTING FARES IN OLD MEXICO

MEXICO CITY, Nov. 1.—The rain bow is well represented in the veritable flood of taxicabs that have descended on the capital during the hitherto have been the only means of past few weeks.

Displacing the small cars which motor transportation, one may now ride in a taxicab of almost any size. The original seduced taxicabs were operated by organized companies but their competition became too great and several chauffeurs met it by painting their cars. The new taxicabs have fare meters, something new in Mexico, and the result has been a general decrease in cab fares.

GAITERS DISPROVED AS BEING SUGGESTIVE

OSAKA, Japan, Nov. 1.—Because they are too suggestive of militarism, gaiters which have hitherto been worn by the boys of the middle class in Osaka are to be dispensed with, except when physical exercises are being performed on the weather is wet. The high collar is also to be abolished on the ground that it is not healthy.

The women teachers also have started an innovation, they having decided to wear foreign clothing when on duty. It is explained that the foreign dress is cheaper and simpler. At most of the schools in Japan the students wear semi-formal dress, a skirt with a kimono like bodice.

JURY SAYS WOMAN MURDERED CLERGYMAN

HVRE, Mont., Nov. 1.—An examination of Mrs. Carleton's body found Friday beside that of Rev. Christler was begun today to ascertain whether she killed herself. The verdict of the coroner's jury was she killed Christler and then herself.

ASSESSMENT NOTICE REORGANIZED ROSETTA DIVIDE MINING COMPANY

Assessment No. 4.
Location of principal place of business: Goldfield, Nevada.
Location of mines: Gold Mountain and Humadler, Esmeralda county, Nevada.
NOTICE IS HEREBY GIVEN that at a meeting of the board of directors of the Reorganized Rosetta Divide Mining Company, held on the 22nd day of September, 1922, Assessment No. 4 of one cent per share, was levied upon the capital stock of the corporation, payable immediately by United States gold coin, to the secretary, at the office of the company, in the Goldfield hotel, at Goldfield, Esmeralda county, Nevada. Any stock on which this assessment shall remain unpaid on the 4th day of November, 1922, shall be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, the 5th day of November, 1922, to pay the delinquent assessment, together with the cost of advertising and expense of sale.
By order of the board of directors,
J. M. FENWICK,
Secretary.
P. O. Box 1666,
Goldfield, Nevada.
Oct. 31—N1-2-2-4, 1922.

Prosperity or Adversity Which Do You Prefer?

The Republican party stands for protection and prosperity. The Democratic party stands for free trade and idleness. During every Republican administration Nevada has prospered. During every Democratic administration Nevada has suffered from an era of unemployment, low wages, low prices and no market for her products.

THE WILSON-PITTMAN LEGACY

After eight years in the saddle, Wilson, Pittman et al left the Republican administration a legacy that included:
A public debt of \$24,000,000,000, increased by the Democrats from \$905,000,000 or approximately 2300 per cent.
Five million laborers out of a job.
Higher living costs than prevailed at any time during the war.
Farming and live stock interests facing ruin as a result of Democratic "free trade," for which Pittman talked, worked and voted and in which he believes.
Tens of thousands of cruelly neglected ex-service men.

PITTMAN PLAYED IMPORTANT ROLE

This legacy of paralyzed industry and five million unemployed workers was left the Republicans by the Democratic administration, of which Senator Key Pittman, now seeking re-election, was an integral part. He played such an important part in the direction of affairs from the White House that his Democratic friends in Nevada proudly boasted that he was "President Wilson's spokesman."

REPUBLICANS BRING BACK PROSPERITY

Despite the fact that they were blocked at every turn by obstructionists in the senate, headed by Senator Key Pittman, who now seeks re-election, the Republicans in eighteen months have succeeded in bringing back prosperity.

The public debt has been reduced by \$700,000,000 and \$7,500,000,000 refunded at lower interest rate.

The great army of unemployed has vanished. There is a job for every man who wants work.

Clothing of all kinds has decreased in cost 39 per cent and food 36 per cent to the consumers, yet the price to the producers of live stock and agricultural products has increased.

The emergency tariff passed by the Republican Congress and vetoed by Wilson only to be re-enacted by a special session called by President Harding, placed industry on its feet.

The disastrous Democratic deflation of credits policy has been checked. The enactment of the Fordney-McCumber tariff act, which Senator Pittman and C. L. Richards are denouncing, has insured permanent prosperity for Nevada agricultural interests and our live stock and wool producers.

After appeals by disabled ex-service men to President Wilson and his Democratic official family at the Capitol, of which Senator Pittman was a member, had gone unheeded the Republican administration took immediate action and secured results.

Up to July 1, 1922, the Republican administration had made expenditures for ex-service men in the world war in the sum of \$1,435,854,385, distributed in compensation claims, \$359,564,738; allowances and allotments, \$583,447,771; vocational training, \$301,045,809; hospitalization, \$141,946,237; administrative, \$49,849,830.

For the current fiscal year, beginning July 1, 1922, the Republican congress has made an initial appropriation of \$418,053,843 for use by the Veterans' Bureau. THIS IS THE LARGEST SINGLE APPROPRIATION, WITH THE EXCEPTION OF INTEREST ON THE PUBLIC DEBT, MADE BY THE CONGRESS FOR ANY DEPARTMENT OR FUNCTION OF THE UNITED STATES GOVERNMENT.

DEMOCRATIC DEFLATION POLICY BROKE FARMERS

In a panic over the high cost of living, which had been brought on to a large extent by the ruinous Underwood "free trade" tariff bill for which Senator Pittman voted, the Wilson administration suddenly curtailed all farm credits, ordered the banks to call in all farm loans and started farm prices toward agricultural ruin.

But this deflation of farm prices did not bring down the retail cost of food derived from farm products.

So the net result of the Democratic policy of deflation was the ruination of the American farmer without any benefit to the American consumer.

AND THIS WAS ONE OF THE RUINOUS POLICIES FOR WHICH SENATOR PITTMAN, NOW SEEKING RE-ELECTION, STOOD.

WHO SAVED THE AGRICULTURAL AND LIVESTOCK INDUSTRIES?

When the live stock industry of the country was being virtually closed out, as a result of the Democratic tariff law and the Democratic policy of deflating credits, the Republican administration, under the direction of Secretary of the Treasury Mellon, took the situation in hand. Banking interests of the country were called into a series of conferences and a pool of \$50,000,000 was raised and made available immediately for all stock growers who found themselves pinched by the sudden deflation in prices and a restriction in credits.

Between \$19,000,000 and \$20,000,000 of this \$50,000,000 pool was loaned.

The new Republican congress then amended the war finance corporation act so that the corporation might make loans for agricultural and live stock purposes, and under this, loaned about half a billion dollars to the farmers and live stock men.

UP TO OCTOBER 1, LOANS AMOUNTING TO \$481,100 HAS BEEN CLOSED BY 123 BORROWERS IN NEVADA FROM THE FEDERAL FARM LOAN BUREAU.

We have shown you some of the things for which Senator Pittman worked and voted while in the senate and which broke down and ruined the industries of Nevada. In spite of these things he now comes before you and asks to be returned to Washington.

RETURNED FOR WHAT? SO THAT HE CAN CONTINUE HIS CAMPAIGN OF OBSTRUCTION AND OPPOSITION TO THE PRESENT ADMINISTRATION. SO HE CAN BE "A THORN IN THE SIDE OF THE ADMINISTRATION" TO USE HIS OWN WORDS. SO HE CAN DO ALL IN HIS POWER TO RE-ENACT ANOTHER DEMOCRATIC "FREE TRADE" TARIFF BILL AND BRING RUIN AND BANKRUPTCY TO NEVADA FARMERS AND LIVE STOCK OWNERS.

WHAT ARE YOU VOTERS GOING TO DO ABOUT IT?

DON'T YOU THINK YOU SHOULD, FOR YOUR OWN PROTECTION, VOTE FOR CHARLES S. CHANDLER FOR UNITED STATES SENATOR, AND A. GRANT MILLER FOR REPRESENTATIVE IN CONGRESS?

REPUBLICAN STATE CENTRAL COMMITTEE

S. E. ROSS, Chairman (Political Advertisement) W. R. ADAMS, Secretary
